

Rugeley & Armitage Camera Club

George Lamb

On Thursday 23rd June we lost a great friend and fellow club member. George loved the camera club and we all loved George. He will be greatly missed. Our deepest condolences and best wishes go to his wife Kathleen and family at this sad time.

From Roy Hodgkiss

I first met George when he joined the camera club. Immediately I thought to myself "George, you and I are going to get on well". I wasn't disappointed.

We wouldn't have the club we have today if it had not been for George.

I have been involved in photography for the past 35 years. The last five have been the greatest George. George knew where all the fish & chip shops were when we were on our days out.

P.S. He also went over to "SONY"

From Carole Perry

George, we didn't have the privilege of knowing you for many years. You joined our club to learn more about Photoshop. I don't think you ever got the chance as you selflessly shared your time and knowledge with everyone else. You soon became a highly valued member and friend, nothing was ever too much trouble for you. As long as you weren't on your travels you gave advice and support whenever asked for it. Organising was one of your strong points which helped our committee tremendously. You have taught us all so much.

Kathleen, all of us at the camera club will most certainly miss George, with his quiet unassuming ways, his gentle manner and never ending patience, our club will be different without him.

Thank you George for everything you have shown and taught us. Sadly we have to say goodbye to you our dear friend, we will miss you so much.

From John Sylvester

I came to know George when he came to our stand at the Huddlesford Boat show, and joined the club a few weeks later. George soon became involved and accepted our invitation to join the committee. From then on the camera club made huge progress. A lot of this progress it must be said, was inspired by George. He was a genuine man, a man who told you what he believed, and I came to rely on George for his straight talking and advice. I will no longer hear that melodious voice in a morning when he telephoned and said those endearing words "morning Sylvester". His passing is a great loss to me personally as it is to the camera club. George loved the club and we all loved George who never ceased in his endeavours to improve our club and give members a club to be proud of. Finally I offer my sincere condolences to Kathleen and her family. My thoughts are certainly with you at this sad time.

Rest in peace my friend.

I'm so sad. He will be missed

We certainly will miss him, both as a club member and a man. He truly was a wonderful person to know.

Dave Hanmer

George was one of the most selfless people I have ever known, giving so much of his time to help others. It was a privilege to have known him and his passing away will leave a big gap in all our lives.

Margaret Beardsmore

I am so very sorry to hear the news that George has died. He was indeed a very kind and thoughtful friend to us all and will be very sadly missed.

My thoughts and prayers are with his family.
