### Guest Speaker - Roger Evans

19:30 'Davy Suite' Lea Hall Miners Welfare Centre  
Guest Speaker Roger Evans  
'The 2018 Commonwealth Games'

We were thrilled to hear that Roger Evans (OKS 1974) was recently awarded 2nd place and a special merit in the 2021 World Sports Photography Awards. His images (taken pre-covid) enhance the artistic element of gymnastics and greatly impressed the judging panel.

We asked Roger about his work and achievements throughout the year and this is what he had to say...

"Alongside a successful career in manufacturing IT, I have for the last 40 years pursued my passions for competitive sport and photography. When I could no longer compete the two merged and I literally focused on trying to capture great sporting images.

From Goodison Park to the Gold Coast I have travelled to shoot my passion and along the way I've seen both triumphs and disasters and captured them both the same.

I've shot over 25 different sports over the years including the likes of Frank Bruno, Lord Sebastian Coe, Usain Bolt, Castor Semenya, Lora & Jason Kenny and Katrina Johnson-Thompson to name but a few.

My favourite sport to shoot however is gymnastics and seeing the likes of Max Whitlock and the Downie sisters performing their routines is a real joy, so to gain two prestigious awards for that category was doubly rewarding."

### About me

I am a professional zoologist and teacher as well as an experienced photographer and naturalist passionate about my work and sharing my observations of wildlife with others.

I have been a very keen naturalist from a very young age and a photographer from my late teens. I am foremost a naturalist who photographs what he observes rather than a photographer specialising in wildlife. This is very important to me and goes back to why I started taking photos in the late 60s.

My early photography consisted of taking colour slides to illustrate talks I gave on wildlife.

I learnt my photographic craft seeking to capture animals in difficult situations and specifically recording animal behaviour. This was all the more difficult with older manual film cameras but proved a good grounding for practising and refining the skills that still serve me well in the digital age.

Throughout my life I have been fortunate to have shared experiences and worked with some very competent naturalists and photographers. They have collectively helped me enormously and taken me on my exciting journey of exploration. I am also a qualified teacher and consider it a privilege to share with others the lessons I have learnt and experiences I have gained.

I have developed this website to give an insight into my photographic work and to share with you my enthusiasm for wildlife and photography. I also regularly give talks to camera clubs, lead wildlife photographic days and run trips particularly to a favourite location, East Africa.

Please enjoy viewing my website. I will update it regularly so please revisit and let me have your thoughts and feedback.

Dear Carole

On behalf of everyone here at St Giles, I wanted to write to say thank you so much to you and the members of Rugeley & Armitage Camera Club for all the fundraising you did for the hospice in 2021, raising an incredible £600!

I know how much fundraising for St Giles means to you and your friends. We're so grateful to you all for your loyal support of St Giles year after year, ensuring we can continue offering the same care that your loved ones have received.

Your generosity following a time when our shops had to close, our fundraising events cancelled and our income was severely affected will make a real difference to the patients and families we support.

We are still delivering care to some of the most vulnerable people in our community and there continues to be an ever growing need for our service – your support is vital for us to continue that work – thank you so much.

It takes a community to make a hospice and we couldn't do what we do without you.

With kind regards

Lucy Derry

Thank you letter from

An elderly lady phoned an airline office in New York and asked 'How long does it take to fly to Miami?' 'Just a minute....' said the clerk. 'Thank you' the old lady said and hung up.

George came home from work, ate his dinner and slumped in the chair. Worried that he was working too hard and needed to relax, his wife went over to him and started caressing him tenderly. 'Get off, woman' he said testily, 'I get enough of that at the office!'
