10th October, 2026

On Monday 5th October our club welcomed Martin Fry with his presentation "The Cotswold Lad Returns". Martin is a master of AV's and he used these to show us the beautiful images he has captured from around the Cotswolds, the Cornish Coast and beyond.

The AV's were set against a backdrop of poetry, sound effects and music. All brilliantly put together to tell a story.

An evening to inspire us to have a go and create our own AV's.
